

ODFJELL RECOGNIZED AS THE BEST FROM CAUQUENES,
REVIVING VITICULTURAL HERITAGE OF CHILE

Outstanding scores for its full range of wines in Descorchados 2020

In the latest version of the most important South American wine guide, **Descorchados 2020**, written by the prominent journalist Patricio Tapia, our Odfjell wines have been acknowledged with outstanding scores. This is great encouragement for our continued work with organic and biodynamic vineyards.

Our icon **Cabernet Sauvignon Odfjell 2015** achieved a historic high score for Odfjell with **96 points** and has also been chosen amongst the **"Best from Cauquenes"** and the **"Best Cabernet Sauvignon from Chile"**. Cauquenes is the most remote area of the Maule valley and one of the oldest winemaking regions in Chile. Forgotten for decades, today it emerges again together with Odfjell, maintaining its traditions. Intact through time, its culture around wine, its old vines and the value of its people are being rescued today.

Furthermore, our excellent **Aliara 2014** (a blend of **Carignan, Malbec, Syrah, Cabernet Sauvignon**) was awarded outstanding 94 points. In our always continuously pioneering Orzada range, we would like to highlight the 92 points granted to our **Orzada Carignan 2018** and to our **Orzada Tannat 2016**, both included as **"The Best from Cauquenes"**. Last, but not least, we would like to highlight our **"best sellers"** **Armador Carménère 2018**, **Armador Cabernet Sauvignon 2018** and **Capítulo Flying Fish 2018** (a blend of Malbec, Cabernet Sauvignon, Syrah and Carignan), all of them awarded **92 points!** Truly outstanding **"best values"**.

These have been great scores for us. They strengthen our commitment to producing vibrant wines of the highest quality, that express, under the principles of organic and biodynamic agriculture, the unique personality of our vineyards.
